

(20) Inserting Area Chart for Card Visuals

Insert Area Chart : 

↓
Put : Date on "Axis"
Put : Total Amount on "Values"

↓
By default it will show date
at year level & small dot is
shown in your Area chart

↓
click :  (2 times)

↓
we have : monthly breakdown
report

Resize it small and place
infront of its card visuals

do 1 formatting:

Turn off title of area chart

Now,

once your area chart is ready

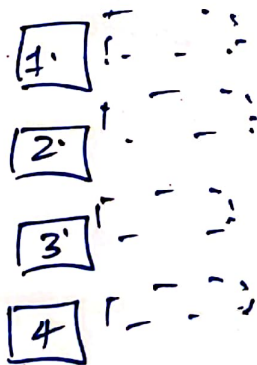

then

(ctrl+c) and then (ctrl+v)

move them & resize and make
or place infront of each 4 cards

↓
Align it properly

2. drop total Amount &
select Total Cost

3. drop total Amount &
select Profit

4. drop Total Amount &
select Profit %.
